Shaping a new era.

our roots

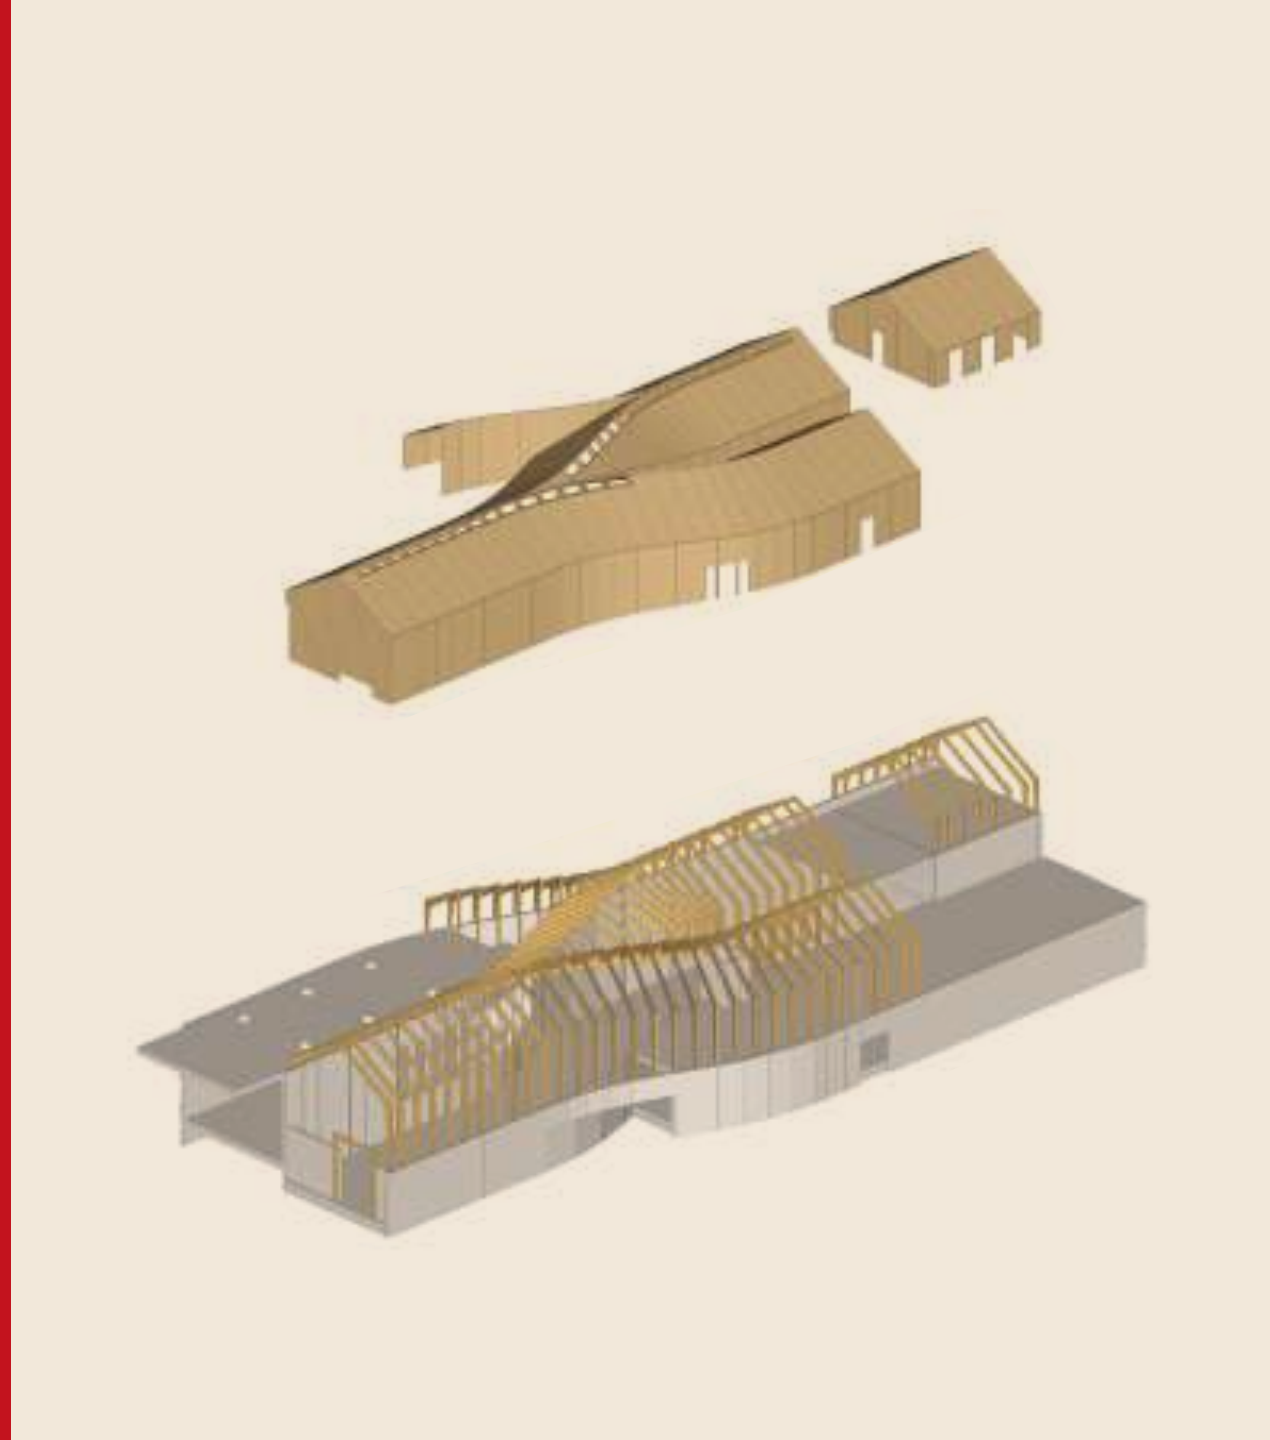

PORTILAME

Twenty years ago, we entered the world of wood, making it the main element in our constructions and business. Our journey has been marked by a continuous search for innovation and commitment.

We have grown and become a reference in the wood construction sector.

our expertise

**Design
& Project.**

**Wood
Structures.**

**Wood
Construction.**

Off-site solutions.

Driven by the vision of building sustainable and versatile solutions, we leverage our experience and innovative spirit to invest in off-site and industrialized solutions using high-quality wood.

We are building the largest mass timber (CLT) project in Portugal.

Shaping a new era
through innovation.

Innovative
thinking drives us
forward, always
seeking better
and smarter
technologies.

The expansion
with new units
reflects our growth
and production
capacity, reinforcing
our quality and
excellence in the
wood construction
sector.

Wood power,
pure living.

We let **our work**
speak for itself.
